WORK EXPERIENCE

Flipkart

Operations Analyst (Payments & Refunds) — Feb 2024 - Present

- Streamlined refund reconciliation workflows, achieving a 71% reduction in processing time from 7 to 2 business days.
- Developed an integrated ticket management system across Jira, Genie, and Salesforce, resulting in a 25-30% improvement in SLA compliance and exceeding the company's quarterly target.
- Utilized AI tools to automate weekly reports, freeing up 10 hours of team members' time each week and reducing documentation time by 42-45%.
- Collaborated with engineering and vendor teams to resolve payment gateway failures, safeguarding over 60 million transactions and maintaining a 99.9% uptime rate.
- Implemented WhatsApp trigger workflows, enhancing notification delivery rates by 30-35% and resulting in a 25% increase in customer engagement.

Customer Service Associate (CSA) — Aug 2023 - Jan 2024

- Enhanced customer satisfaction by optimizing query resolution processes, resulting in a 30% reduction in resolution time and 95% SLA compliance in Payments & Refunds.
- Streamlined incident management by tracking and resolving over 250+ incidents across multiple platforms, ensuring seamless Control Tower operations and minimizing downtime.
- Acquired in-depth expertise in payment workflows, leading to a 25% increase in analyst role preparedness and improved overall operational efficiency.

Udaan

Customer Service Executive (Returns) — Dec 2021 - Dec 2022

- Analyzed return patterns using Excel dashboards, driving a 15% reduction in returns.
- Automated return reporting with Excel macros, saving 5+ hours weekly.
- Handled escalations with structured workflows, improving CSAT/NPS scores by 15–20%.
